CS 103 Introduction to Computers

Hands-on Exercises: MS PowerPoint: Chapter 1

All exercises refer to the Hands-On Exercises in the class textbook *Microsoft Office 2003, Volume 1*, by R. T. Grauer & M. Barber.

Check off each step of the exercises below after you complete them. I have placed notes for some steps of the exercises below that describe changes for some steps. Read these before reading the step in the book and do what is described in my notes. You will also see boxes near the bottom of most pages. Please read the ones that I mark with **[square braces]** and you will be responsible for these on the exam.

Submit this assignment at the **beginning** of your scheduled final exam time. If you have not completed an exercise, then print out your results at the last step completed to receive partial credit. **Late work will not be accepted.** This assignment is worth 40 points.
